Elliot Bay Mission Plan

On May 17th, 20204, the Elliot Bay Day Deployment aims to deploy sg195 off of the R/V Rachel Carson to record the UW College of the Environment BIG10 commercial as well as to sample 3 dives worth of data in Elliot Bay. A CT sail will also be deployed during this mission. The R/V Rachel Carson will remain at sea and will retrieve the glider. This mission will take place in Elliot Bay (Puget Sound, WA, USA). The deployment will be led by Ellie Brosius and the recovery will be led by Ellie Brosius.
