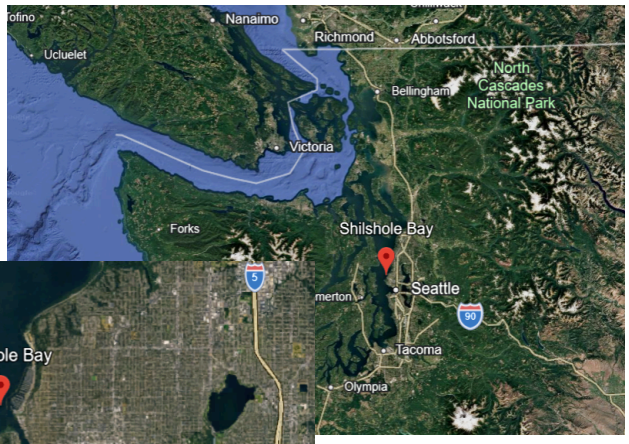
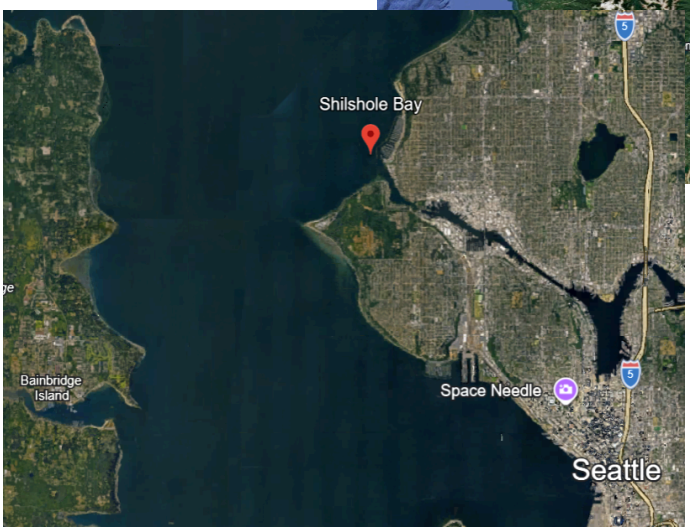
Carson Overnight Mission Plan




The Carson Overnight Mission aims to deploy sg194 off of the R/V Rachel Carson along with the University of Washington OCEAN 201 cruise. The deployment is set for April 30th, 2024 and the recovery is set for April 31st, 2024. The R/V Welander will retrieve the glider. This mission will take place in Shilshole Bay (Puget Sound, WA, USA). The deployment will be led by Katie Kohlman and the recovery will be led by Caleb Flaim.
